

PUBLIC NOTICE

Consultation on Amendments to Trent Assessment Report and Source Protection Plan
Pursuant to the CLEAN WATER ACT, 2006 s.34(3) and reg. 287 s.48(2)(a)

February 5 - March 11, 2016

The public is invited to comment on amendments to the Trent Assessment Report and Trent Source Protection Plan. The approved Trent Assessment Report (2014) identifies and evaluates threats to drinking water quality; this update will add water quantity threats in a small area of Uxbridge and Scugog townships within the Trent Conservation Coalition watershed to the Trent Source Protection Plan. The Trent Assessment Report is the scientific foundation for the development of the Source Protection Plan. This plan which came into effect January 1st, 2015 outlines policies for the protection of water supplies for municipal drinking water systems.

Copies of the Amended Trent Assessment Report and Trent Source Protection Plan can be obtained during regular office hours at the following locations:

Regional Municipality of Durham - 606 Rossland Rd East, Whitby, ON

Kawartha Conservation - 277 Kenrei (Park) Rd, Lindsay, ON

The documents are also available online at www.trentsourceprotection.on.ca
