

Transport Pathway Notification under Subsection 27(3) and 27(4) of the *Clean Water Act* Regulation 287/07

Ontario Regulation 287/07 requires the municipality to notify the Kawartha-Haliburton Source Protection Authority and the Trent Conservation Coalition Source Protection Committee if a person applies for approval of a proposal that includes the creation or modification of a transport pathway in a wellhead protection area or an intake protection zone. When provided to the notification addresses below, the information on this form fulfills the notification requirements of Subsection 27(3). Providing a copy of this notification to the applicant fulfills the requirements of Subsection 27(4).
