This map has been prepared for the purpose of meeting the provincial requirements under the Clean Water Act, 2006. If it is proposed to use it for another purpose, it would be advisable to first consult with the responsible conservation authority.

PRODUCED BY Lower Trent Conservation on behalf of the Trent Conservation Coalition Source Protection Committee, March 2011.
(Updated Jan 2025), with data supplied under licence by members of the Ontario Geospatial Data Exchange.

Waterbodies and watercourses located within the extent of an intake protection zone are included in that zone.

To determine significant, moderate and low drinking water threats, refer to the Intake Protection Zone Map and find the vulnerability score in the legend. Then, go to the following link to look up threat information. <https://threats.swpip.ca/ZoneScore>

Threats information can also be found in the Technical Rules document found on the bottom of this webpage: <https://trentsourceprotection.on.ca/resources/reports-legislation>
