

## Transport Pathway Notification under Ontario Regulation 287/07 Subsection 27(3) and 27(4) of the *Clean Water Act*

Ontario Regulation 287/07 requires that municipalities notify the Lower Trent Source Protection Authority (LT SPA) and the Trent Conservation Coalition Source Protection Committee (TCC SPC) if a person applies for approval of a proposal that includes the creation or modification of a transport pathway in a wellhead protection area or an intake protection zone. Submission of this form to the LT SPA and TCC SPC fulfills the notification requirements of Subsection 27(3). Providing a copy of this notification to the applicant fulfills the requirements of Subsection 27(4).

Applicant name and contact information:

Municipality name, staff name and contact information:

Location of the proposal (civic address, legal land description and attach a property sketch):
